

Dear Parent/ Guardian

**Scooter Skills Day: Wednesday 8<sup>th</sup> December**

**Castle Hills Primary** are holding a Scooter Skills Day.

We invite every child who would like to take part to bring their scooter to school if they have one.

The aim of the day is to improve children's confidence and stability when riding their scooter, with the aim that they will be able to scoot to school safely.

The children will be learning how to use their scooter safely and take part riding around the skills course that will be set up.

Your child must be wearing a helmet in order to take part in the activity. Additionally, if your child normally wears elbow/knee pads while scooting and you would like them to wear this on the day you can send this safety wear with your child. However elbow/knee pads are not considered necessary equipment for the activities that will be undertaken.

The Scooter Skills session lasts around 30 minutes, so please ensure your child dresses appropriately. The session will be delivered by trainers from Doncaster's Active Travel team.

We look forward to seeing you there.
